### Data Notes:
- Data obtained from the Missouri Department of Labor - Department of Workers’ Compensation
- In order to qualify as having lost work-time, an employee must miss more than 3 days of work due to an injury
- Workers’ compensation eligibility criteria and availability of data from workers’ compensation programs varies among states, prohibiting state-level data from being directly compared to other states or with national estimates
- *Data for 2011 and after is not comparable with previous years due to occupational definition changes made by the BLS. For more information go to: http://www.bls.gov/soc/
